SEATING DELEGATES.

Great Task For the Republican National Committee.

THIRTY CONTESTS DECIDED.

All of the Seated Delegates Are McKinley Men Except Two—Temporary Officers Will Be Selected Tomorrow—John M. Thurston Likely to Be Selected Permanent Chairman.

St. Louis, June 12.—The Republican national committee made such poor progress yesterday that the members of the committee are beginning to feel that there is danger of very great prolongation of their work. There are consequently many suggestions as to the necessity of finding a means of reducing the time. Up to 11 o'clock last night the committee after sitting for 12 hours had decided contests affecting 30 seats in the convention. These included the four delegates at large from each of the states of Mississippi and Florida, and scattering district delegations from California, Alabama, Kentucky, Florida, Mississippi and Missouri. All the delegates seated, except two from Florida, are McKinley men.

There was considerable interest in the contest from the Fifth Kentucky district, which embraces the city of Louisville. It was a contest between McKinley men and friends of Governor Bradley. The McKinley delegation composed of George D. Todd and Charles E. Sapp, appeared as the regular delegates, and the Bradley men—E. J. Knoebel and J. W. Reeder—as the contestants. Mr. Hart Vance, who appeared as counsel for Knoebel and Reeder, contended that the primaries for the Todd convention were held in a retired place, and said it was proved that bribery and personal assaults had been resorted to. He said he represented the Republican majority obtained in the election by which Governor Bradley was chosen, and asserted that if "these frauds" were endorsed by the national committee, seating Sapp and Todd, the action would result in the loss of at least 5,000 votes in Louisville.

Judge Thompson spoke for Todd and Sapp. He contended that the convention could go behind the returns to investigate the alleged frauds.

Mr. Sutherland moved to seat Knoebel and Reeder, and Mr. Clayton moved as a substitute that Todd and Sapp should be given the seats. Mr. Clayton's motion prevailed on an aye and nay vote, the vote being 28 to 6 in their favor.

The committee has decided to proceed to the selection of temporary officers for the national convention, including chairman, at 2 o'clock on Saturday.

It has been practically decided by a majority of the committee that Hon. Charles W. Fairbanks shall be given the place of temporary chairman, and a telegram has been sent him notifying him of the probability of his selection.

It has also been suggested to Mr. Fairbanks that he deal almost exclusively with the financial question in his opening speech. It is understood that he will acquiesce in this suggestion and that he will take a strong position for an unequivocal declaration for the preservation of the present financial standard.

There seems to be a determination to make Senator Thurston of Nebraska the permanent chairman of the convention. Mr. Thurston had expected to make the first speech, seconding the nomination of Major McKinley. It is possible that even should he be permanent chairman, he will also make the second opening speech for McKinley.

Aside from the meeting of the national committee there was little to excite political interest here yesterday. The corridors of the Southern hotel were crowded with contesting delegations awaiting their turn to appear before the committee. But outside of the hotels the number of people who have arrived is not great enough to make any perceptible difference in the city at large. Of course the delegates here are all discussing the platform, especially the money plank.

The arrival of Mr. Thomas C. Platt of New York caused a great deal of stir among both politicians and newspaper correspondents. Every one was anxious to learn what the Empire state political leader would have to say. In response he smiled complacently. Beyond saying that Mr. Morton was still a candidate for the presidential nomination he refused to talk for publication.

Mr. Platt spend the evening receiving his friends and getting information as to the action of the committee in various contest cases. He declined to discuss the situation for publication, but with his friends he talked it over and some of his opinions were heard. Mr. Platt said the fight was not over by any means; that the national committee was not the convention by a large majority, and the action of the committee might be reversed by the committee on credentials.

It was learned that Mr. Platt is especially interested in the contest cases in New York. There are eight contests from that state. Six of these, Mr. Platt says, have no ground whatever for contesting delegations who are for Morton. In one district, he says, there is such a condition of affairs that the contest is reasonable. It is understood that Mr. Platt assured some of the men who saw him that if the national committee should seat the contestants in the six districts where he says the contests are groundless the indignation in New York would be beyond control and the Republican party of the state would be seriously affected.

Marcus A. Hanna is still confident that nothing can stem the tide of the

McKinley boom. He is positive that the Ohio major will be nominated before the end of the first rollcall.

FINANCIAL PLANK.

Hundreds of Forms Sent in For the National Platform.

St. Louis, June 12.—There are hundreds of forms of financial planks for the Republican national platform at the McKinley headquarters in St. Louis and in the hands of McKinley's friends, who will largely determine what the platform shall be. More than a week ago there was sent out to the papers various forms of a financial plank and intimations made that it was a form of declaration which was wanted. This was done for the purpose of securing views and financial planks from all sections and from people interested in the character of the financial resolution.

The result has been as anticipated and platforms have been coming in by letter and by telegraph from every part of the country. The McKinley managers have not only been able to obtain forms for financial planks, but they have also been able to secure the views of men all over the country whose opinions are worth having. The more the matter is considered the more probable it appears that the national platform will conform very close to that of the Indiana convention, with all reference to a ratio stricken off. The Indiana platform declares against the free and unlimited coinage of silver "at a ratio of 16 to 1." It is proposed to cut off the sentence quoted and end with a straight declaration against free coinage.

It is asserted by the gold men that if the declaration is against free coinage "at a ratio of 16 to 1" it will give opportunity to say that there is no declaration against 15 1-2 to 1 or 16 1-2 to 1, or to any other ratio than that designated in the platform. The insistence is strong that there shall be no chance to declare the platform is a catch, or that it means anything more than what it says, or that it can be construed in one part of the country for silver and in another section against silver.

It is quite apparent that there is a determination to make the platform for the single gold standard, but there is a desire to avoid a declaration emphatic in these words, as it is believed that it would be offensive to some sections of the country and particularly several states in the Mississippi valley.

All expectancy of forming a financial plank which would be satisfactory to Teller and his followers from the silver producing states has been long abandoned. Silver men so pronounced as these have also abandoned any idea, if they ever had one, that a straddle of any kind could be framed which they could construe for any possible use against a straight 16 to 1 declaration of the Democratic convention.

Other features of the platform are also under discussion, especially the tariff plank. While declaring for the American system of protection, it is quite probable that the Ohio platform will be closely followed. At least that has been the talk among the McKinley leaders whenever the tariff plank has been mentioned. The deficiency in revenues will be declared attributable to the inefficient tariff, and, it is said, the financial difficulties, necessitating the issue of bonds, will be declared due to the failure of the Democratic party to provide sufficient revenue to meet the current expenses of the government.

It is also expected that the platform on this subject will review at some length the conditions of the country and the depression, the financial disturbances and everything of that character will be attributed to Democratic control of the country.

It is understood to be a part of the program to have the leaders of the various delegations confer and agree upon a platform so that a committee on resolutions may be selected which will report a platform that will not precipitate a fight on the floor of the convention between those who favor anti-silver declaration. A fight from the silver men can not apparently well be avoided. The other portions of the platform will largely follow past declarations of the party. The main interest centers upon the currency plank and next in order of importance is the tariff, and these are the only themes that have thus far been discussed.

Governor Bradley Will Go to St. Louis.

FRANKFORT, Ky., June 12.—Governor Bradley will go to St. Louis. He will leave on Sunday night or Monday morning in company with state officers and delegation of friends who will join him in Louisville. Governor Bradley refuses to talk on any subject in reference to his presidential candidacy, but it leaked out through a friend that he had held conference with friends yesterday and they arrived at this conclusion.

Quarrymen on a Strike.

BEEBA, O., June 12.—Four hundred quarrymen went on a strike at the quarries of the Cleveland Stone company, near this place, yesterday. The men demand that all nonunion men be discharged, and that several union men, who were recently dismissed, be reinstated. The strikers have taken possession of all loaded cars and refuse to permit them to be moved, and it is thought trouble will follow.

Death and Destruction From an Explosion.

MARINE CITY, Mich., June 12.—A boiler in the Michigan salt works exploded last night. The block took fire and was destroyed. William Mowbray, night foreman, was caught in the wreck and burned to death. John Haley's head was perforated and he died an hour later. Peter Booth, fireman, had his left arm blown off and is badly scalded. The loss is \$50,000.

WALLING IS WAITING.

His Trial Will Last Another Week Yet.

DEFENSE NEARLY COMPLETED.

A Number of Witnesses Examined but Nothing of a Startling Nature Was Brought Out—Both of Walling's Attorneys Take the Witness Stand in Behalf of the Prisoner.

CINCINNATI, June 12.—Colonel Washington, Walling's leading attorney, was able to be in court again yesterday, but is still a very sick man.

When court opened a few minutes before 10 o'clock Dr. W. H. Crane surprised the state's lawyers by taking the stand for the defense. In the Jackson trial he was a witness for the state, saying that he found arsenic, mercury and cocaine in Pearl Bryan's stomach.

The state's lawyers got a shock when they found him in the "camp of the enemy."

The cocaine was probably administered by mouth, the witness said. The stomach contained more than two grains. The doctors described death by cocaine poisoning. Death sometimes follows in 20 minutes after the poison is administered. Cocaine, however, is an uncertain drug.

Frank Brannen, who was Fred Albion's roommate at the time of the murder, was the next witness. He testified that Walling and Albion had remained in his room that fatal Friday night until 10 o'clock, when they left, and Albion returned after midnight. Witness did not know that Walling was in his room that night. Neither did he know that he was not.

Colonel Washington made a motion to have that part of Fred Albion's deposition referring to a conversation he testified to having had with Walling prior to the commission of the crime with which Walling is charged stricken out. He made a lengthy argument in support of the motion, but the objection to the exclusion was sustained.

Murray Allison, a practicing dentist at Greenfield, Ind., swore that Walling's reputation previous to his arrest was very good. Murray Allen, a practicing attorney at Greenfield, Ind., testified to Walling's good character previous to his arrest.

A number of depositions attacking the reputation as to truth and veracity of George Jackson were read; also deposition that Scott Jackson had been shaved on the morning of that fatal Friday in January.

Dr. Kramer testified that, in his opinion, the head of the Greencastle girl had been cut off after the heart had ceased to beat, and offered technical proof of his opinion. Under cross-examination, witness amended his testimony by saying that there would have been no blood on the privet bushes had the body been decapitated after the heart had ceased to beat, and there would have been no blood spurting had the body been decapitated after death had ensued. Numerous witnesses were called, but did not respond, and then Henry Youtsey testified that Night Clerk Martin of Heider's hotel had testified at the coroner's inquest that it was 2 o'clock in the morning when Walling arrived at the hotel the night of the murder.

Mrs. Bryan was allowed to retain her seat in the audience while Colonel Washington asked her if Pearl had worn a jacket or sacque with sleeves when she left Greencastle. Mrs. Bryan answered the question negatively.

Colonel Washington then took the stand and testified that Attorney Albert Root had told him with ferocious positiveness that he had seen Jackson, Walling and Pearl Bryan at Hayden's restaurant before the Christmas holidays, and not in the latter part of January last, as he had testified on the witness stand.

Dr. Jensen said that blood would spurt 10 feet from severed arteries of a live body. He judged that the decapitation of Pearl Bryan took place after death.

Judge N. L. Bennett testified that there is a heavy growth of trees on hills between Fort Thomas and Cincinnati. On cross-examination he said, however, that the reflection of the city lights can be seen above them.

Attorney Shepherd took the stand. The defense wanted to prove that Allen Johnson said he would swear it was Thursday night, Jan. 30, instead of Friday, when he saw Walling, Jackson and Pearl Bryan at Wallingford's. The court ruled it all out.

Captain S. S. Bassler testified to the rainy weather of Jan. 31.

Webb G. Welburne and W. L. Finch, newspaper reporters, testified to minor contradictions between Coachman Jackson's story on the stand and before Mayor Caldwell.

The defense ran out of witnesses, and attachments were issued.

Judge Helm asked the lawyers how long it would take to finish the case. They suddenly changed their minds, saying that it would take until next Wednesday to hear rebuttal and make arguments, for which three days will be allowed.

Judge Helm replied that it would be necessary to postpone court at Alexandria until June 30. "And that will make it impossible to try any grand jury indictments, except where the parties are in jail," said the judge.

Mrs. Brice's Gift.

HAMILTON, O., June 12.—Mrs. Calvin S. Brice has cabled from London \$1,000 to the Western Female seminary of Oxford, her alma mater. The money is a donation to the Peabody library fund.

MINNESOTA DEMOCRATS.

Gold Platform Adopted at the State Convention at St. Paul.

St. Paul, June 12.—The Democratic state convention for the election of delegates to the Chicago convention met in Market hall in this city yesterday. Michael Doran, for a score of years the political leader and national committeeman from this state, defeated every move of those who sought to bring about his defeat, winning not only in the passage of a gold platform, but also in being chosen by a large vote to lead the Minnesota delegation at Chicago.

After winning the the third fight of the day and by a vote of 526 to 227 being placed at the head of the delegation, Mr. Doran took the floor. He denied several sensational charges that had been made against him during the day. After a spirited defiance of his enemies in the present convention, he begged to be allowed to retire from the delegation and asked that Daniel W. Lawler of St. Paul, one of the best and most favorably known Democrats in the northwest, be named in his stead. There were vigorous protests from the convention, but his request was granted and one of the best known Democratic leaders in the United States gracefully retired from the arena after winning one of the hardest fights of his life.

It was nearly 4 o'clock before the convention got down to real work in the afternoon. The credentials committee reported before that hour, but the work did not begin until the platform was reported. There were two reports, eight of the committeemen favoring a gold standard plank and six reporting a platform made up of selections from the national Democratic platforms of 1892, 1894, 1896 and 1898, and favoring free silver coinage at 16 to 1 ratio. The debate on the matter was hot, bitter and prolonged. On a motion to substitute the minority for the majority report, the silver forces were defeated, the vote being 323 to 436.

The third hard fight was on the first delegate at large, or chairman of the delegation. The opponents of Doran selected ex-Congressman O. M. Hall as the most likely man to defeat the old leader, and in the preliminary debate some very hard blows were given. The vote resulted: Doran, 526; Hall, 227.

It was after this that Mr. Doran withdrew in favor of Mr. Lawler.

The delegates at large are D. W. Lawler, P. B. Winston, Chauncey Baxter and Logan Breckinridge.

The financial plank that was adopted is as follows:

"We are unqualifiedly in favor of the present gold standard of value. We favor the use of both gold and silver as money and believe that our government should coin and keep in circulation as a part of the circulating medium as large an amount of silver as can be employed without destroying or threatening to destroy the existing parity of value between the unit in gold and the unit in silver.

"We are opposed to a descent to monometallism, and particularly to a silver monometallism, with its depreciated and depreciating standard of value. We are firmly convinced that the free and unlimited coinage of silver by our government at the ratio of 16 to 1, without co-operation on the part of the other great commercial nations of the world, would reduce this country to a condition of silver monometallism, entailing upon us a financial panic and commercial and industrial disaster. We are utterly and irrevocably opposed to the adoption of any such policy."

BURNED ALIVE.

Masons in Mexico Victims of an Indian Revolt.

CITY OF MEXICO, June 12.—Rumors have been current that in the recent Indian revolution in the mountains in the state of Oaxaca a systematic attack was made on Free Masons wherever found, and that particularly at the town of Jaquila the Indians committed awful atrocities.

This has been denied in the press, but the news has been confirmed again and a son of the master of the lodge at Jaquila has arrived here to solicit aid for the families of the victims and will interview President Diaz, himself being a Mason.

It appears that the Indians on arriving at Jaquila asked who were the Masons and got their names. They then proceeded to the lodge and gutted it of the archives and furniture, then destroyed the building with fire, also reducing the archives to ashes. Most of the Masons in the town sought refuge in the forest and escaped their infuriated adversaries, but four leading Masons were caught before they had time to escape and were bound hand and foot, tied to stakes and burned alive, amid the shouts and jeers of the Indians.

The names of the victims are: Octaviano Jigon, master of the lodge; Juan Escamilla, senior warden; Carlos A. Morales, orator, and Jose Villavicencio, treasurer.

The Indians are said to have been instigated by the priests, between whom and the Masons there is the bitterest enmity. The Indians seem in all their atrocities to have especial hostility toward telegraph operators and Masons, and in one instance decapitated a telegraph operator, saying that telegraph men disseminated false reports and had made all the trouble.

The Masons here are to wear mourning for their martyred brethren. The news has created intense excitement among the Masonic fraternity.

DAYTON, O., June 12.—John Stine, Miamisburg stonemason, attempted suicide by hanging. He was rescued by his wife after unconsciousness and is a periodical drinker.

IT IS ALL OVER NOW

Both Branches of Congress Have Adjourned at Last.

THE LAST DAY'S TRANSACTIONS.

But Very Little Done Beyond the Usual Formalities Preceding an Adjournment. Presiding Officers Thanked by the Members, and Then the Members Get a Jolly in Return From the Officers.

WASHINGTON, June 12.—Vice President Stevenson brought the session of the senate to a final close at 4 o'clock yesterday, after a brief valedictory expressing his thanks to senators for their courtesies to him throughout the session. The closing scene was not of the dramatic order, but was marked by the placid serenity characteristic of the upper branch of congress. The galleries were well filled, but there was an absence of the packed corridors incident to an eventful close of the congress.

The senate convened at 11 o'clock, but no business was transacted beyond the formalities preceding an adjournment. The last bill to be passed was one urged by Mr. Sherman pensioning the widow of General William H. Gibson, a prominent Ohio officer.

Resolutions of thanks were unanimously adopted to Vice President Stevenson and President pro tem. Frye for their impartial rulings in the chair.

One of the last acts was to give the important immigration bill a parliamentary status, by which it secures the right of way as soon as the senate reassembles.

As soon as the vice president had announced the session closed the galleries emptied, senators exchanged goodbyes and many arranged to leave for their homes at once.

WAITED FOR THE END.

The Closing Hours in the House Were of No Importance.

WASHINGTON, June 12.—The final session of the house yesterday was devoid of public interest. The appropriation bills had been passed and the members simply waited for the end to come. A number of the members were made happy by the passage of small local bills of interest to their districts. Mr. Wheeler (Dem., Ala.) enjoyed the distinction of passing the last bill. It was a bill to pension Sarah M. Spiker, the widow of a captain in an Alabama volunteer company which took part in one of the Indian wars.

Beyond a little misunderstanding between Mr. Bailey of Texas and Mr. Marsh of Illinois, the utmost good feeling prevailed. There was an attempt by Mr. Bailey and Mr. Maguire of California to precipitate a political discussion in the last half hour of the session, but the Republicans declined the gauge of combat thrown down to them. Mr. Turner (Dem., Ga.), who was the floor leader of the minority during the absence of Mr. Crisp, offered a resolution of thanks to the speaker, which was adopted by a standing vote, a most unusual honor.

The speaker closed the session with a graceful speech, in which he thanked the members most cordially and felicitated them on the work of the session.

AN UMPIRE KILLED.

Accidentally Struck by a Ball While Umpiring a Game.

BLOOMINGTON, Ind., June 12.—The athletic season in the Indiana university ended sadly at 1 o'clock yesterday in the death of John K. Sheridan, of concussion of the brain, the result of being struck with a ball from the hands of the third baseman.

He was umpiring a game between the seniors and faculty on Tuesday afternoon, and while near the diamond was accidentally struck in the temple by a ball. He fell senseless to the ground and was carried to the home of Dr. Harris, where he roomed. He seemed to improve until about noon yesterday, when he began sinking and died in less than one hour.

He was the shortstop of the Indiana university base ball team, a member of the junior class, and his home is near Lebanon. The home folks knew nothing of the accident until his death was announced.

Democratic Congressional Convention.

ATHENS, O., June 12.—The Democratic congressional convention of the Eleventh district met yesterday. L. T. Neal of Ross county was chosen chairman. John H. Blacker and Virgil C. Lowry were selected delegates to the national convention. The platform demands the restoration of the coinage laws repealed by the Sherman act of 1873, and favors the free and equal coinage of both gold and silver at a ratio of 16 to 1.

Thirty-Five Persons Poisoned.

MARTIN'S FERRY, O., June 12.—Thirty-five persons were poisoned at a fashionable dinner given by Mr. and Mrs. David Humphrey, at Flushing, this county, by eating compressed chicken. Not a single guest escaped. Several guests were prostrated before they reached their homes. Frank Mead, one of the guests, is in a dangerous condition. The dinner was in honor of the 50th birthday of Mr. Humphrey.

WARREN, O., June 12.—The whereabouts of John Lewis of Warren is a mystery. On Sunday he attempted suicide by hanging and also tried to throw himself under a train. Tuesday he suddenly disappeared and no trace can be found of him.

GENTLEMANLY PLAYERS.

The Knoxville Tribune Compliments the Maysville Ball Team Highly. The Game This Afternoon.

In its account of Tuesday's game of ball at that place the Knoxville Tribune compliments the Maysvilles very highly. The article gives one some idea as to what the locals had to contend with during the recent series of games. Here is what the Tribune says:

Knoxville won; but Knoxville had no easy thing of it. It was like Saturday's game, abounding in sensational plays. Knoxville made one run in the first and three in the third. Maysville piled up three in the third and from that time on it was anybody's game.

Gibson, the "biggest Indian," coached his team almost continually. Some of the players needed ginger too. But after the usual amount of kicking from both teams and the crowd, the Indians landed the game safely, but not until the last Maysville player was out in the last half of the ninth.

The score now stands Knoxville three and Maysville two games. There are many people, and good ball players at that, who think Maysville will pull out even in to-day's game. Never this season have such crowds been in attendance. Knoxville people know good ball and know that the Indians can play when they are made. Knoxville people also know that the Maysville team can get more good ball playing out of a game with the locals than any team that has been here this season. Take all five games and in no one of them has there been what is called a "walk-over."

It has been a case of "play ball now, boys" from the first man up to the last one out in each game. Nor has it been a "clinch" for either side in any inning in any game of the series. Saturday's game was the best unless the one yesterday eclipses it.

The Maysville club has a personnel of gentlemanly ball players. The crowds at Baldwin park do not like a couple of them on account of their kicking propensities, but these two men have done much by their kicking to win their games. Maysville reputation is well sustained by the club which lines up for the last game of the series this afternoon.

There has been complaints from the spectators time and again during these games about "dirty ball playing." And it was not against Maysville either. But against certain of the locals. It seems that these complaints never arise except when the locals are pushed hard to win. This gives it an appearance which does not look right for the Indians. It is no honor to have the name of "dirty ball players" even if a team does play winning ball.

In yesterday's game, Cox, manager and right fielder for Maysville, ran in from third after the catch of a fly ball in left field. Jobe ran in towards the home plate, crossing the runner's line and interfering in such a manner as to nearly trip him. He was safe, however. The crowd yelled for Jobe to be taken out and the Maysville club gathered round him, Lucas, the big first baseman leading; looked like old time base ball for a few minutes but they were all separated, for which umpire Denny should be thanked. This sort of playing looks bad. To Jobe's credit be it, that he said he had no intention of blocking the runner, but was only running to back up the catcher on the throw in.

[Special to BULLETIN.]

KNOXVILLE, TENN., June 11, 1896.—The Knoxville won to-day's game, the score standing 4 to 2.

Newton was in the box for Maysvilles. He pitched a fine game, and was given perfect support. We simply could not hit Miller who was in against us.

Will arrive home Friday either on 10 o'clock train or on F. F. V. at 1:30.

B. T. C.

The locals had no game scheduled at home yesterday so they remained over at Knoxville and played the rubber with the Indians, with the result as above. Ross Miller must have developed into a great pitcher since he was here last season. During the series at Knoxville the past week he has won most all his games.

The Alerts of Cincinnati come up to-day for two games at the local park. Mickie Norton is in charge of them. Leever will likely pitch this afternoon's game. The boys have played great ball on their trip to Knoxville, and deserve a big crowd to-day and to-morrow. Go out and give them a rousing welcome. You will see good games, and will enjoy the sport.

Reports of league games received daily at 6 p. m., at Weiland's, Market street.

WORLD'S FAIR MEDAL.

Received by the Sisters of the Visitation For Superior Class Work of Pupils.

The diploma and handsome bronze medal which may be seen at Mr. Pecor's drug store has lately been received by the Sisters of the Visitation from the Board of Education, Washington, D. C., for superior class work exhibited at the Columbian Exposition in 1893.

Prominent among the pupils who received much praise were Misses Mary Cox, Agnes Dodson and Nettie Newell, who were graduated from St. Francis de Sales Academy in '93; Miss Nellie Hynes, graduate of '94; Miss Mary Bayless of '95, and Miss Hattie Dobyns of '96.

There was some excellent work done in the lower grades also, and the following young pupils are deserving of special mention: Misses Lillie Mae Wardle, Kathleen Barkley, Georgie Dobyns, Jessie Bayless, Aimee Kane.

The Sisters of the Visitation are noted for the thoroughness of their school work, and that the diploma and medal are well merited, goes without saying.

That Tired Feeling

Makes you seem "all broken up," without life, ambition, energy or appetite. It is often the forerunner of serious illness, or the accompaniment of nervous troubles. It is a positive proof of thin, weak, impure blood; for, if the blood is rich, red, vitalized and vigorous, it imparts life and energy to every nerve, organ and tissue of the body. The necessity of taking Hood's Sarsaparilla for that tired feeling is therefore apparent to every one, and the good it will do you is equally beyond question. Remember

Kentuckians in Kansas.

In a recent letter, Mr. J. E. Rhoads, of Lane, Kan., says: "I thought probably some of the readers of the BULLETIN would like to know how the Kentuckians are getting along out here. Well, they are getting along very bad just now. It has been raining for two weeks as hard as ever fell from the clouds. A good many have lost all of their crops. Some had to leave their houses on account of the water. The oldest inhabitants cannot remember of seeing the river so high. The river is not over two hundred yards wide inside of the banks, but now it is over a mile wide and still raining. Most of the tobacco men had their plant beds on the bottom land and they are all destroyed. Some places the water is ten feet deep on the corn and plant beds. A good deal of tobacco was set and is all gone. There was the finest prospect for corn that ever a man saw up to this flood."

Mr. JOHN KINCAID, aged about fifty, of Huntington, W. Va., died Wednesday night at the home of Mr. William Pogue near Mayslick, where he was visiting. He was taken with something like cholera morbus, and died rather suddenly. He leaves one child, a son nine years old. The remains were taken to his former home at Ashland last night for burial. They were accompanied by Messrs. J. S. and J. F. Pogue, Miss Hattie Jones and the young son of the deceased.

FIFTY YEARS OF WEDDED LIFE.

The Venerable Charles Phister and Wife Celebrate Their Golden Wedding.

The venerable Charles Phister and wife quietly celebrated their golden wedding yesterday at their home on West Third. They were married June 11th, 1846. The bride of fifty years ago was Miss Margaret Hutchins, a sister of Judge M. C. Hutchins. Mr. and Mrs. Phister are well preserved for their years, and that they may live to celebrate many more anniversaries of the happy event of long ago, is the wish of their friends.

The local correspondent of the Commercial Gazette thus speaks of Mr. Phister and his political views:

Mr. Phister indorses sound money, and says the St. Louis convention will make a mistake if it does not adopt the gold platform and nominate McKinley, who will carry more States and receive a larger popular vote than any other man that ever ran for the Presidency. Senator Quay is his choice for Vice President as long as Reed will not accept, and he thinks Pennsylvania should not be ignored this time, as that State has never been tendered the first place on the ticket except in the case of James Buchanan. Mr. Phister cast his first vote for Gen. Harrison in 1840, but was for Clay in the Harrisburg (Pa.) convention. His first Republican vote was for Fremont in 1856, and was the only vote cast for him in this city. He has voted that ticket ever since. Mr. Phister is now seventy-seven years of age, and has never used spectacles, drank any kind of intoxicating liquors nor used tobacco in any form.

When Baby was sick, we gave her Castoria.
When she was a Child, she cried for Castoria.
When she became Miss, she clung to Castoria.

A Narrow Escape.

A special from Manchester says: "Marshall Rodgers and son, Henry, had a narrow escape from being drowned Monday afternoon, while crossing the Ohio river. When in midstream Henry fell into the water, and his father sprang in to save him. He succeeded in reaching the son, but could not get back to the skiff. His cries for help attracted Ed. Evans and Oras Jones. When they reached the father he was going down for the last time, and Henry had already disappeared. The father was pulled into the skiff and it was found he had hold of his son's little finger."

THE HIGH SCHOOL.

The Annual Commencement at the Opera House Last Night.

A Class of Sixteen Receive Diplomas. Jahu DeWitt Miller's Eloquent Address.

The opera house rarely ever presented a more interesting scene than that of last night, the occasion being the annual commencement of Maysville's High School. The largest crowd ever in attendance at commencement exercises was present. Every seat down stairs was occupied, many were standing and the balcony was well filled,—all a splendid testimonial of the laudable interest Maysville people take in their public schools.

Sixteen bright and happy young ladies and gentlemen received diplomas, and were sent out into the battle of life with the hearty good wishes of their faithful teachers, their relatives and friends and the Board of Education. The class was the largest in the history of the school.

With this large class seated, there was not much room for decorations, but the stage was tastefully fitted up, and presented a most attractive scene, with the young lady graduates all robed in spotless white. The Maysville Orchestra furnished delightful music, and the exercises opened with a very pretty march and a chorus, sweetly sung, by the young ladies.

The audience then had the pleasure of listening to the address of the evening, by Mr. Jahu DeWitt Miller, the distinguished lecturer of Philadelphia. A synopsis of his address will not be attempted here. It would not do him justice. It was a rich treat, one that Maysville people seldom have the opportunity of enjoying. Mr. Miller is a man of vigorous thought and progressive views, and possesses the happy faculty of presenting these views in a way to interest, instruct and entertain all who have the pleasure of hearing him. He is not a pessimist, but just the opposite. He does not think the world is going to the bad, and growing more wicked and sinful and all that.

On the contrary he thinks man is growing wiser, and happier, and healthier and better as the years come and go. He believes one should get out of the present life all he can and at same time prepare to enjoy the life to come. Mr. Miller spoke an hour or so, and all were so delighted with him that they insisted on recalling him. He deserved the enthusiastic applause that greeted his closing sentences.

At the conclusion of Mr. Miller's address, Mr. W. H. Wadsworth, President of the Board of Education, stepped to the front and presented the medals and diplomas.

In Miss Metcalfe's room of the Intermediate School medals were awarded to Ethel Vicroy of Grade G. and Alberta Helmer of Grade F. for most excellent scholarship. Elise Shackelford, May Martin, Carrie Gunn, Jennie Heflin and Birdie Brenner received special mention for fine scholarship. Maggie McClanahan, Anna Daugherty and Birdie Brenner were 100 per cent. in attendance.

In Mr. Berry's room of the Intermediate School, the medals were awarded to Ethel Hutchison and Anna Kirk. Warren Oder and William Nelson received a handsome book each as prizes for good deportment and scholarship.

Following is a list of the High School pupils who received diplomas: Bessie Orpha Cake, Ruth Allender, Sallie Carr Ball, Mary Florence Barkley, Bessie Foster Childs, Alice Fleming Kirk, Edith Earl Berry, Nannie Janes Gabby, Mary Eliza Chambers, Lida Duke Woods, Richie May Tolle, Augustine Courtenay Respass, Harry Keep Pangburn, Ethan Galbraith Bradley, Edward Fairfax Dulin Moss, Samuel Carey Bierbower.

Miss Bertha Sparks was a member of the class, but had been prevented by sickness from taking the final examination. Mr. Wadsworth stated that the Board and teachers felt that she deserved a diploma but she preferred not to receive it this year.

This concluded the exercises. The standing of the pupils of the Girls' Department of the High School at the closing examination of the session will be published in the BULLETIN to-morrow.

ABERDEEN Journal: "At West Union the other night, Miss Etta Irwin, while attending a dance, fell from one of the back windows of the K. of P. hall to the ground, a distance of some twenty feet. As she fell she caught Harry Holmes, of Maysville, her escort, tearing his collar off, but he was unable to stop her. No bones were broken, but her physician fears internal injuries. She is well known at this place."

In yesterday's Courier-Journal's report of the annual commencement of Centre College, honorable mention is made of the proficiency of our young townsman, Alexander Gordon Sulser, in German, French, English and the Bible study. As a member of the Senior Class he will graduate at close of the next session of the college. Mr. Horace Wilson, of the Sophomore Class, received honorable mention for proficiency in elocution and Bible study.

THE trouble in the Augusta Presbyterian Church has been settled. The Chronicle says Mr. Ramsay's official relation to the church, as pastor, is to cease September 30th; and the official relations of Elders J. P. Reese, N. J. Stroube and T. R. Vandye, and of Deacons M. W. Steen, F. C. and Jas. W. McKibben, James W. Weldon, R. P. Hamilton and A. E. Rankins have been terminated. Whether the Augusta and Sharon churches shall remain separate or shall be re-combined is to be left to the Presbytery's future determination.

A GANG of forty or fifty tramps struck Dover one evening this week. They were so impudent the authorities had to give them their marching orders. The News says: "Some of them became very bold, one going into the kitchen of P. E. Cross' residence and helping himself to what he could lay his hands on in the way of eatables. Two negroes met Mrs. W. H. Gibson on the railroad track below town. She had been picking raspberries, and was on her way home with a bucket full of berries. The negroes forced her to give them the bucket, which she did, fearing violence if she refused. They took two quarts of berries and ate them. When Mrs. Gibson told her husband, he and his son David went after the tramps with a sharp stick, and after giving one of them a neat 'dressing down,' sent them down the track on a trot."

THE Kentucky Midland Railway has tendered the courtesies of the road to the members of the Kentucky Press Association in going to and returning from the annual meeting of the association, to be held at Georgetown June 24. The Midland is quite proud of some fast time made over its road recently. The special train which carried the Knights Templar from Frankfort to Paris left Frankfort at 4:45 p. m. and arrived at Paris at 5:46—one hour and one minute, including delay of four minutes up the big hill out of Frankfort, two minutes by stop at Steadmantown, one minute at Stamping Ground and six minutes at Georgetown, making the actual running time forty-eight minutes for the forty miles. Following is the time between some stations: Switzer to Stamping Ground, five miles, five minutes; Georgetown to Paris, seventeen miles, nineteen minutes; Elizabeth to Paris, six miles, five minutes.

TRAIN ROBBERS.

Unsuccessful Attempt to Hold Up the C. and O.'s Fast Express Last Night.

The C. and O. westbound fast express from New York was about an hour late reaching Maysville this morning.

The delay was caused by an unsuccessful attempt of a trio of robbers to hold up the train.

Near Cotton Hill, a station between Kanawha Falls and Hawks Nest, the train was flagged by three men, and the engineer stopped it, thinking the track was obstructed, and never suspecting that the men were robbers.

He soon found out what they were up to, however. They ordered him to cut loose from the express and baggage coach. He quietly informed them that he would have to go back and disconnect the air brakes and connections before this could be done, and started back along the train.

While he was summoning help from the crew and passengers, the robbers becoming alarmed fled and succeeded in making their escape.

The train passed Cotton Hill about midnight.

QUICK WORK.

A Prisoner Who Wanted to Plead Guilty Was Accommodated.

Jarrett B. Williams, the horse-theft brought here by Chief Lusby of Georgetown, after a preliminary hearing before Squire Bramel yesterday morning, was taken before Judge Harbeson. He wanted to plead guilty, so he could at once begin serving his sentence. Judge Harbeson accommodated him.

The grand jury had adjourned, but a special grand jury was empaneled, an indictment reported and before night Williams was convicted and given two years in the penitentiary.

THE venerable C. Rudy, who has not been right mentally for some time owing to the infirmities of old age, jumped out of a window at his home yesterday afternoon, but fortunately escaped any serious injury.

CASTORIA

for Infants and Children.

MOTHERS, Do You Know

that Paregoric, Bateman's Drops, Godfrey's Cordial, many so-called Soothing Syrups, and most remedies for children are composed of opium or morphine?

Do You Know that opium and morphine are stupefying narcotic poisons?

Do You Know that in most countries druggists are not permitted to sell narcotics without labeling them poisons?

Do You Know that you should not permit any medicine to be given your child unless you or your physician know of what it is composed?

Do You Know that Castoria is a purely vegetable preparation, and that a list of its ingredients is published with every bottle?

Do You Know that Castoria is the prescription of the famous Dr. Samuel Pitcher. That it has been in use for nearly thirty years, and that more Castoria is now sold than of all other remedies for children combined?

Do You Know that the Patent Office Department of the United States, and of other countries, have issued exclusive right to Dr. Pitcher and his assigns to use the word "Castoria" and its formula, and that to imitate them is a state prison offense?

Do You Know that one of the reasons for granting this government protection was because Castoria had been proven to be absolutely harmless?

Do You Know that 35 average doses of Castoria are furnished for 35 cents, or one cent a dose?

Do You Know that when possessed of this perfect preparation, your children may be kept well, and that you may have unbroken rest?

Well, these things are worth knowing. They are facts.

The fac-simile signature of *Chas. H. Pitcher* is on every wrapper.

VALUABLE HORSES PERISH.

The American Horse Exchange in New York Destroyed by Fire.

NEW YORK, June 12.—Fire completely destroyed the building of the American Horse Exchange (limited), which occupied nearly the entire block bounded by Broadway, Seventh avenue, Fifth and Fifty-first streets last night. It is supposed that 21 valuable horses perished in the flames, and an unconfirmed rumor has it that one man's life was lost. One hundred fine carriages were burned. The value of the property consumed was estimated at \$200,000.

The fire probably originated from a defective electric wire. There were 225 horses in the building and only 100 of these are accounted for.

Among the horses destroyed was Elsie G, a very valuable trotting horse worth \$7,500, with a record of 2:19 1-2. Among the owners are John Bradley, Kentucky, 40 horses, worth \$24,000; Warwick & Hudson, Kentucky, three horses, \$1,800; John Deyoe, Jackson, Mich., horses, number not given, \$18,000; John Teschner, Chicago, 10 horses, \$6,000.

William C. Whitney paid \$7,000 for seven horses at the sale yesterday but, had removed them. There were 225 horses in the building and desperate chances were taken in an endeavor to release all of them.

The American Horse Exchange (limited) has for years been one of the most famous places of its kind in America. William K. Vanderbilt is president of the corporation. Mr. Winthrop, George Peabody Wetmore and Colonel William Jay are among the managers. Many fine stock breeders in the west and south have been regular consignors of horses to the exchange.

ONLY FINED.

Johannesburg Reformers Regain Their Liberty at Last

PRETORIA, June 12.—At a special meeting of the executive council yesterday it was decided to release Mr. John Hays Hammond, Colonel Rhodes, George Farrar and J. W. Leonard, the leaders of the Johannesburg reform committee, upon the payment of a fine of \$25,000 (\$125,000) each, or, in default, 15 years' banishment.

The conditions of their release upon payment of their fines are the same as those required to be observed by the other members of the reform committee who were recently set at liberty, namely, that they shall abstain from interference in the politics of the South African republic.

Hammond Incident Closed.

WASHINGTON, June 12.—United States Vice Consul Knight at Cape-town, South Africa, reported by cable yesterday to the state department that the imprisoned reform leaders had been released. The cablegram was as follows: "Reform leaders released. Fined \$25,000. No banishment." This finally closes the Hammond incident.

Attempt to Wreck a Train.

ATTLEBORO, Mass., June 12.—An attempt was made to wreck the fast freight train on the Providence division of the New York, New Haven and Hartford railroad, near Dodgeville, early yesterday morning. Sleepers had been wedged into a frog at a point where the track runs along an embankment 30 feet high and a pile of lumber had also been placed across the south-bound track. A freight engine, running at a rate of 35 miles an hour, hit the obstruction and knocked it aside, but the train was not derailed. Several tramps were found in the vicinity, and John Arnold of Cincinnati and five others were placed under arrest on suspicion.

FAMINE, REBELLION AND LOOTING.

Terrible State of Affairs Existing in the Orient.

VANCOUVER, B. C., June 12.—The steamship Empress of Japan, which has just arrived from the Orient, brings the following advices:

The Protestant mission premises at Kiang-Yin were attacked and looted by a Chinese mob on the 12th of May. A most dastardly and cruel plot was concocted against the missionaries. A Chinese doctor caused placards to be posted, saying that the missionaries had two children hidden in their house. On being ordered to look for them the doctor dug into a heap of shavings and rubbish and pulled out the body of an 18-months-old infant that had been dead for 15 or 20 days.

Thereupon the crowd fell into a furor of excitement and the missionaries, among whom were fortunately no ladies, had to fly for their lives, getting out through a back fence and through a friendly neighbor's house. They were pursued more than a mile, but eventually succeeded in reaching the forts, where foreign military instructors gave them refuge. The mob looted and dismantled the mission premises. The matter has been placed in the hands of the United States consul at Chin-Kiang.

A terrible famine is raging in Kwangsi province, China. The province remained wholly without rain through the spring, though abundant rains fell during nearly two months in the neighboring provinces. The Chinese say that the people in their fierce distress have resorted to killing children and selling their flesh for a few cents a pound.

Another rebellion is feared in Corea, owing to the protracted stay of the king at the Russian legation. The insurgents declared the king's absence a disgrace to the country. Twenty-two thousand men have already risen in revolt.

What Gomez Was About.

Washington was able in certain well known instances to effectually whip the British by delaying and harrying them and wearing them out when he was not strong enough to risk open battle. This has been commended as a masterly military policy, and it is that adopted by Maximo Gomez in Cuba. While the Spaniards have been wondering what he was about and exasperating themselves at his uncertain movements, he has been busy every moment. It will be remembered how at the beginning of this year he announced that the war for Cuban independence would be divided into three stages—"invasion, occupation and expulsion."

The invasion stage was nearly passed when the general made the announcement. Since then he has been establishing throughout all Cuba, outside of Havana and Weyler's trocha or division line, the stage of occupation. If the Cuban patriots have no government, as the Spaniards charge, they certainly have something very like it in the thoroughly systematized military control which Gomez has established. The country is divided into districts and subdistricts, each in charge of a man whom Gomez himself selected. In these districts his soldiers watch with hawk eye and report to him every movement of Spanish troops. The word passes from man to man, and while the Spaniards are puzzling over the movements of Gomez, he knows every event in their camp.

He has been training especially his troops in cavalry evolutions and guerrilla warfare. When he gets arms and ammunition enough, then will follow the last stage of the war—expulsion of the Spaniard.

Banking Institution Closed.

EDINBURG, Ind., June 12.—John A. Thompson's bank, one of the oldest banking institutions in Johnson county, closed its doors yesterday. The property of the bank and the John A. Thompson & Company flour mill, as well as the property of the individual members of these firms, has been assigned for the benefit of creditors. Martin Cubinger has been appointed receiver and Henry Maley assignee. Bad investments and a depletion of deposits caused by the existing hard times caused the failure. Liabilities, \$75,000; assets, \$180,000.

Flagman Dies on Duty.

DELPHOS, O., June 12.—John Ammon, agent for the Clover Leaf at Douglass, was stricken with paralysis while standing on the platform of the station with a red flag in his hand signaling down a freight train to prevent its being wrecked at a culvert.

Still Stilled.

LOUISVILLE, June 12.—At the conference of Kentucky distillers here a resolution was adopted providing for a closing down of all the distilleries of the state for 18 months, beginning July 1. The object is to stiffen the depressed market.

Deed of a Drunkard.

CHICAGO, June 12.—In a drunken rage John Weller made an unsuccessful attempt to kill his wife and then shot and killed one stepdaughter and wounded another so seriously that her life is despaired of.

Gladness Comes

With a better understanding of the transient nature of the many physical ills which vanish before proper efforts—gentle efforts—pleasant efforts—rightly directed. There is comfort in the knowledge that so many forms of sickness are not due to any actual disease, but simply to a constipated condition of the system, which the pleasant family laxative, Syrup of Figs, promptly removes. That is why it is the only remedy with millions of families, and is everywhere esteemed so highly by all who value good health. Its beneficial effects are due to the fact, that it is the one remedy which promotes internal cleanliness, without debilitating the organs on which it acts. It is therefore all important, in order to get its beneficial effects, to note when you purchase, that you have the genuine article, which is manufactured by the California Fig Syrup Co. only, and sold by all reputable druggists.

If in the enjoyment of good health, and the system is regular, then laxatives or other remedies are not needed. Afflicted with any actual disease, one may be commended to the most skillful physicians, but if in need of a laxative, then one should have the best, and with the well-informed everywhere, Syrup of Figs stands highest and is most largely used and gives most general satisfaction.

ANNOUNCEMENT.

FOR CONGRESS.
We are authorized to announce W. LARUE THOMAS, of Mason County, a candidate for Congress from this, the Ninth, district, subject to the action of the Democratic party.

Fruit, Fruit.

The Fruit season of 1896 is close at hand and I have perfected arrangements with some of the largest and most successful Fruit growers of the Ohio River hills to handle their entire crop of

Strawberries, Raspberries, Blackberries, Peaches, Etc.

This fruit is grown on the elevated lands, principally in Lewis County, by growers of long experience, and will be much superior to any grown on the low or flat lands. It will be received by express and placed on the market here on the same day it is gathered, and will be furnished to dealers and consumers in first-class condition. Special prices always given to dealers, so as to enable them to sell at same prices I sell to consumers and make fair profits.

My Supply of Vegetables

will also be at all times full and of very best quality, and lowest prices.

A special invitation is extended country people to make my house their headquarters when in our city.

R. B. LOVEL, The Leading Grocer.
